

Having grown up in the Parkland School District, I am a trojan through and through! I attended Parkland from kindergarten through twelfth grade. I know all about “Parkland Pride” and I am dedicated to supporting staff members as they build the wonderful foundation for students that I received growing up in Parkland. I graduated from Moravian College with a bachelor’s degree in education and sociology. My first master’s degree is in Early Childhood Literacy from Wilkes University, and I have a master’s in School Administration from Delaware Valley University. I taught for sixteen years prior to becoming the Elementary Dean of Students, and have teaching experience in kindergarten through fifth grade. My husband is a teacher, so we truly value the importance of education and developing relationships with children. We have two children of our own. Our daughter, Hayden, is six and in kindergarten in Parkland this year, and our son, Jackson, is four. I am looking forward to supporting Dr. Giaquinto and the Cetronia staff members to provide a safe and enriching environment for all students.
